African countries reporting confirmed COVID-19 cases as of March 29, 2020

GLOBALY HIGHLIGHTS

♦ A Solidarity Trial in more than 45 countries to compare the safety and effectiveness of four different drugs or drug combinations against COVID-19 has started. The trial will dramatically cut the time needed to generate robust evidence about what drugs work. Individuals and countries are called upon to refrain from using therapeutics that have not been demonstrated to be effective in the treatment of COVID-19.

fatality rate of 3.1%.
